Dear Parents/Guardians,

Thank you for your interest in the after school* program at the Clay Center Carnegie Library. We are very excited to provide this free program for all children grades 6 and up. In creating this program, we aspire to fill a void in non-athletic after school programs for the tweens/teens in our community.

This program is an after school* Makerspace Club which, at its most basic level, is a technology and crafting buffet. Through guidance and inspiration, we strive to create an environment that tweens/teens can express themselves creatively all while gaining hands-on experience with Science, Technology, Engineering, and Math.

This is a come-and-go program with few requirements. Your child is not required to be a library cardholder to participate, although we will be happy to get one for them! They do not have to attend every day but are certainly welcome to do so. You are not required to stay with your child during the program but are most welcome. **Your child may leave at any time during the program but will be required to sign in and out of the program daily.** Plans for when and how your child comes to and from the program is between you and your child. They will be required to have signed permission slips before using any equipment and they will be required to follow library policies.

Ideally, this program will be Monday-Thursday every week, but there are some days that there will be no program such as when the schools or the library is closed due to holidays or severe weather. Notice of program closings will be made in as much advance as possible via emails, social media, and radio broadcasts. If there is no program and the library is open, your child can still be at the library as long as they obey our behavior policy.

We are grateful for the opportunity to serve our community in this manner. If there are any questions or concerns, feel free to contact the library.

Makerspace Guidelines

Clay Center Carnegie Library’s Makerspace promotes creativity, ingenuity, and entrepreneurship by creating opportunities for individuals to collaborate, innovate, inspire one another, and generate content. It supports lifelong learning and the realization of ideas in a new way through technology and hands-on fabrication by providing open access to a wide variety of equipment and tools in multiple ways, including guided exploration through classes and programs.

Prior to using the Makerspace, an adult parent, guardian or another person with appropriate legal authority must sign the Makerspace Use and Agreement for Minors. Parents/Guardians are welcome to tour the Makerspace to become familiar with the equipment and evaluate use by a minor child, and Clay Center Carnegie Library staff are happy to answer any Parent/Guardian questions.

Patrons need to check-in with the staff member on duty each time before using the Makerspace.

Patrons must participate in safety and use training before using tools and machinery. Staff is available to assist in explaining the operations of tools and equipment and provide any required safety and use training.

Clay Center Carnegie Library staff is available to assist any patron with disabilities who need special arrangements or accommodations.

Makerspace Computers Permission Form

The signing of this parental permission slip will entitle your child to use the library's Makerspace Computers that have access to the internet.

Although the use of the internet will be intended for educational, Makerspace purposes; please be aware that your child may have unmonitored times of use of the Makerspace Computers. This means it is impossible to predict, or completely control, what your child may find if they begin exploring the internet. Although the Clay Center Carnegie Library does have filtering software in place, we cannot guarantee that your child will not inadvertently be exposed to inappropriate information or visual materials not suitable for children. Please talk to your child about appropriate types of information and uses for the Makerspace Computers.

Your signature below shows that you agree that your child may use the Makerspace computers with internet access, that you have read the Clay Center Carnegie Library’s attached “Internet and Technology Use Policy” and agree to abide by these policies.

My child, (please print name) ________________________, and I have read "Internet and Technology Use Policy", have discussed what types of information are appropriate for him/her to locate on the internet, and has my permission to use the Makerspace Computers with internet access at the Clay Center Carnegie Library. I understand my child will not be allowed to access sites the library staff has deemed questionable, on any of the library's Makerspace Computers. Additionally, I realize that filtering software may or may not block all materials I feel are offensive and I will monitor my child while he/she is using the library's Makerspace Computers.
